

Tony Solano

???? - 2022

Tony was one of our original Vanners in Colorado way back in the 1970s, he left the Vanning scene for a number of years before returning in the 1990s. He was always fun to be around and was always joking that his wife was "after" him. He was very proud of his Van and loved to talk about it. Tony was a regular at both Colorado & some National Vanning events until he left for his next Truck-inn in HeaVAN. He will be missed!
